

**** BDG Intermodal & Marine Cargo Insurance****

****Benefits and Details****

All Risk Intermodal / Marine Cargo Insurance provided by BDG International, Inc. covers the global transportation of goods (by air, ocean, and inland) from origin to destination, including a specified number of days of warehousing during transit based on the policy in place.

Reasons to Choose BDG International, Inc. for Marine Insurance

- **Flexibility:** Insurance is processed per shipment, ensuring you pay only when necessary.
- **Expertise:** Coverage of CIF(P) + 10%, completion of insurance certification, letters of credit requirement and processing the insurance coverage.
- **End-to-End Service:** Premium processing to claims management, BDG International, Inc. handles every aspect, including coordinating with global cargo inspectors for damage assessments.
- **Revenue Recognition:** Unlike other policies, where deductibles delay revenue recognition until cargo arrival, insurance through BDG allows immediate recognition.
- **No or minimal Deductibles (in most cases):** Our marine insurance typically does not impose deductibles, unlike other policies that may require high deductibles and deposits.
- **Effective Claims Handling:** We actively manage claims to ensure prompt resolution, encouraging thorough investigation and solutions for damaged cargo, including concealed damage claims.
- **Protect your company from General Average:** Ocean carriers can bill back damage to the vessel based on International Marine Law.

Comprehensive Coverage Options: BDG provides two primary coverage levels:

Clause A (WA - All Risk): Covers most perils and partial losses.

Clause B (FPA - All or Nothing): Ideal for bulk cargo, secondary insurance policy and general average
